Realistic Design, Durable Performance

Authentic Timber Look

Bespoke beautifully emulates natural timber without the plastic look or feel. Its unique matte finish reduces glare and reflections, bringing out every detail in every plank.

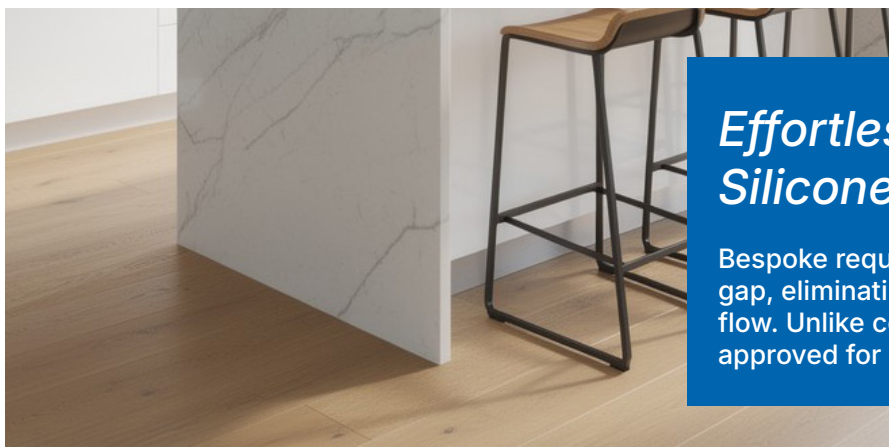

Luxurious Comfort Underfoot

Natural textured embossing captures the authentic grain and imprint of real wood. Enjoy a flooring experience that feels remarkably smooth underfoot, setting a new standard for comfort.

Durable, Family-Friendly Floors

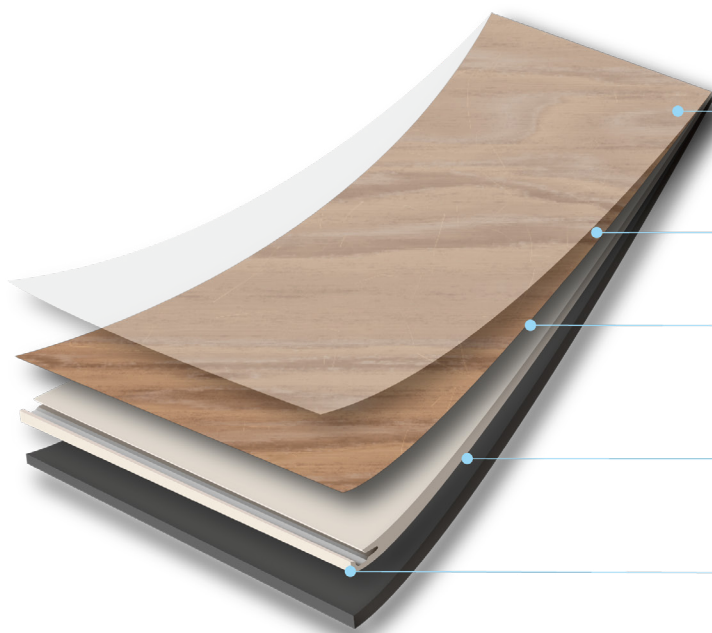

Say goodbye to worrying about spills, messes, or scratches caused by your little ones or four-legged friends. Our Quartz Infused Shield is exceptionally easy to clean, hard-wearing, and ultra durable.

Effortless, Flawless Fit, Silicone Approved

Bespoke requires only a minimal 3mm expansion gap, eliminating transition strips for a seamless flow. Unlike conventional hybrids, it is Silicone-approved for a durable, professional finish.

Features & Benefits

Quartz Infused Wear Layer

A tough, protective barrier that resists wear and tear while keeping your floor hygienic and easy to maintain.

HD Photographic Layer

High-definition imaging brings your chosen design to life with stunning realism and depth.

SPC Core

Our sturdy SPC core gives your floor lasting strength and stability, helping it stand up to everyday bumps, spills, and temperature changes with ease.

6 Star Acoustic Underlay

Integrated sound absorption reduces noise transfer, creating a quieter, more comfortable home environment.

Uniclic Locking System

The simple locking system enables smooth plank connection, delivering a fast, secure and seamless installation.
